

28th Annual

SERAA

Southeast Red Angus Association

Grasstime Auction

Saturday • April 6, 2019 at Noon

Cullman Stockyards, Cullman, Alabama

LOT 1 – WALKING RIGHTS ON ANDRAS NEW DIRECTION

How many chances do you get to have a highly successful AI stud walking your pastures? Here is your chance to have one of the highest used Red Angus sires to walk side by side with your cows and give you a highly valued calf crop of AI quality calves! He has produced high selling animals in numerous bull and female sales across the country and has been one of the top 3 bulls in the Red Angus breed for registrations for the last couple of years. Sons like Andras Frontier A084 at Loosli Red Angus, Jeffries Reddington 865C at Pieper Red Angus and many others are examples of the power, performance, style and deep dark cherry red color that his progeny exhibit. His daughters in production are some of the best females in the breed.

Terms: The buyer will be purchasing a 60 day walking rights in Andras New Direction R240 (#1506922). This sells FOB Osborn Red Angus, Athens, Alabama and the buyer will have him delivered back to Osborn Red Angus, Athens, Alabama within 65 days of arrival at their address. The beginning date would be on or around May 15, 2019 and the ending date would be on or around July 15, 2019. Osborn Red Angus will provide the buyer with the appropriate lease agreement that would allow the buyer to register the calves from the breeding.

If you are interested in other terms or dates of usage, please contact Danny Osborn 256/679-6307 or Kyle Gilchrist 641/919-1077 prior to the auction.

Alabama Auctioneer License #1206

Trucking: Can be arranged through Bill Braddock at (205) 275-2651 or the sale manager. We will help coordinate prorated loads to keep the cost as minimal as possible.

Health Certificates: Interstate health certificates will be furnished on each animal sold. Special details in regards to the foreign exportation of cattle may be arranged through the sale manager.

Welcome to the 28th SERAA Grasstime Sale

Within the Red Angus breed this is one of the longest-running auctions that encompasses more land region than any other organization in the United States. Since my first trip to Cullman in 1991, the history of this sale and the dedication of the Southeastern Red Angus breeders and programs have been remarkable. Many of the past leaders have passed on and while new and younger operations come on to the scene, I want to pay tribute to the original "ground-breakers" that helped establish this exciting auction. Longevity cannot carry on without new, young blood to continue the tradition established by the "pioneer breeders" of the 60s and 70s and I also want to recognize and thank this year's consignors and the new programs that are stepping up to the plate to continue the tradition.

Without question, the Red Angus breed is on the move and has established itself as the third largest beef breed in North America behind our black counterparts and the Hereford breed. This breed growth can be attributed to the docility, maternal traits and carcass quality that Red Angus offer. Commercial cattlemen in the South have also come to realize that the RED color of Angus also equates to heat tolerance that adds to profitability through earlier grazing on hot days and lower maintenance requirements with lower body heat temperatures.

This year's SERAA Grasstime offering is truly one the best in the past 28 years of this event! As you study this catalog, be mindful of the quality that is being offered and the commitment that these breeders have put forth in selecting the cattle that they want to represent their program in the Grasstime auction. The consignor's phone number and email have been included with each lot, and I encourage you to contact the owner directly with any questions you may have. As I said earlier in this letter, the Southeast Red Angus Association covers more land mass than any other in the nation and there is literally tremendous opportunity for growth and more members to drive the Red Angus breed to greater heights.

Finally, it takes a lot of folks to put on an event of this magnitude. I want to give a big thank you to our 2019 Sale Chairperson and the committee – Rhonda Deist for her dedication and efforts in assisting with the organization and cataloging of this sale. Please take note that the Friday night pre-sale banquet is moving back to the All Steak Restaurant (that's right - orange rolls are back!) and its new location at 323 3rd Ave. SE, Cullman, Alabama. Another big thank you goes out to our banquet organizers Henry & Jane Whitley. Be sure and RSVP if you will be attending... 205/466-7612.

If you cannot attend this year's event please call myself or any of the ringmen/buyer representatives listed in this catalog. You also can watch and bid online through DVAuction live during the sale. If there is anything that I can do to assist in your purchase or answer any questions, please don't hesitate to contact me.

Best Regards,

Kyle Gilchrist

Please RSVP to Jane Whitley (205/466-7612)
if you are planning on attending the Friday night
banquet and Semen Auction at the All Steak Restaurant.

Here's a 3 year Red Brylor Big Rock 85T daughter with the prime of her life ahead of her. **She sells with a November Lodi Prince bull calf** (#4042348) by her side. She was AI'd to the great Silveiras Mission Nexus 1378 on 12/19/2018, then pasture exposed to a darn good BFRA WTB Anticipation 1730 (3824111) bull from 12/22/18 until 2/1/2019. Firm pregnancy details will be provided the day of sale. No pictures in time for the catalog publishing, but we will have pics/videos on our Facebook Page, Bell Farms Red Angus, as we get closer to sale day.

Cow Power! Here's a first calf heifer born in November of 2016 that we held over to Spring Calving Program in 2018. She is the daughter of a very good Red Global Trust 21T son that we had raised and sold. The unique thing on this heifer is on her dam's side of the papers. This heifer is a granddaughter of Bieber Designer 6895 who was one of the top selling donor cows at 18 years (still flushing) at the great Wildcat Creek Dispersal in 2015! This heifer has a 28 Milk EPD and a 17 STAY! That tells you she's going to give you offspring that can raise a calf and will be part of your herd for years to come! She was AI'd to WEBR NIGHT TRAIN 324 ON 4/3/2018, then pastured exposed to BFRA Cinch 1618 (3616784) from 5/6/2018 to 7/7/2018 and was bred during this time. **There should be a calf by her side on sale day.** No pictures in time for the catalog publishing, but we will have pics/videos on our Facebook Page, Bell Farms Red Angus, as we get closer to sale day.

Here's a newly turned 3 year old that goes back to great the Minola cow family made famous by Damar Farms. We bought this heifer in the Ladies of Louisville Sale in 2016 from Pladsen Red Angus out of Harper's Ferry, Iowa. She had a stellar show career and we hate to sell her, but we have to put a kid in college very soon! She calved last year in April, so we were going to move her over a season to our Fall Calving cycle. She was pastured exposed to BFRA Cinch 1618 (3616784) from 5/6/2018 to 7/7/2018 and was bred during this time. **There should be a calf by her side on sale day.** No pictures in time for the catalog publishing, but we will have pics/videos on our Facebook Page, Bell Farms Red Angus, as we get closer to sale day.

Here's a very good past show cow of ours sired by Red Brylor Big Rock 85T. She is 5 years old and just weaned off one of our better heifers this spring. She is moderate framed and in the prime of her life. She was AI'd to the great Silveiras Mission Nexus 1378 on 4/27/2018 and then pasture exposed from to BFRA WT B Cinch 1618 (#3616784) from 5/6/2018 to 7/7/2018. **There should be a calf by her side on sale day!** No pictures in time for the catalog publishing, but we will have pics/videos on our Facebook Page, Bell Farms Red Angus, as we get closer to sale day.

This is one of our Mulberry Too daughters. She's been one of our favorites since she was born. She proved to be one of our best cows, one we hate to part with. **She has a heifer calf at side** by our home bred and raised herd sire DBLS DiNozzo (#3532904). This is our first calf crop by him and it has not been disappointing. We've worked a long time to develop cattle that will survive the combination of fescue and N.C. weather. That being said, if they work here, they'll work anywhere and thrive. Her numbers are not extreme but WW and YW EPDs are intriguing. Heifer calf born 10/8/18, Pasture exposed 1/1/19- 3/2/19 to DBLS Dynamic Inferno (#3727447).

A few years ago, we literally started all over with this cow's dam, Twin B Eleanor. Here's proof we did the right thing. This is the first calf we got out of big Ellie. She's a Mission Statement daughter with a moderate frame, something we were told was not the norm. Her full sib was named Supreme Champion Cow/Calf pair at the 2018 NC State Fair over all breeds. **She has a heifer at side by Twin B Mulberry Too**, that promises to be exceptional in her own right. She's pasture exposed to DBLS Dynamic Inferno for possibly another exceptional calf, at least that's what I thought when we decided to try this mating. Sells with heifer calf born 9/25/18, sired by TWIN B MULBERRY TOO (#1425602). Pasture exposed 1/1/19 - 3/2/19 to DBLS Dynamic Inferno (#3727447).

This young cow has great possibilities. She's a Conqueror 0026X daughter out of our powerful Lilly cow. She was shown as a calf by Amber as a Junior breeder, traveled the country and still had a great disposition and calved on time. We kept her with the intentions of building off her genetics and production, but we have decided to cut back so we are offering our best for this sale. **She has a beautiful heifer at side** by DiNozzo and is pasture exposed to our Red Dawg son which promises to be exciting. Heifer calf born 9/29/18. Pasture exposed 1/1/19- 3/2/19 to DBLS Dynamic Inferno (#3727447).

Here's one you don't get a shot at but once in a great while. She's a direct Mulberry daughter out of the famed J Bar K Ramblin Rose. We put 4 embryos in and got 3 heifers out of this mating, or you wouldn't be getting this opportunity. She's definitely a unique individual, old school genetics with years of proof to back her up. **She has her second calf at side**, a heifer, and is doing a bang-up job just as expected. If you're looking to start a herd or just improve your existing herd, you don't want to pass up this chance to get a great one. She's also halter broke. Heifer calf born 10/5/19. Pasture exposed 1/1/19- 3/2/19 to DBLS Dynamic Inferno (#3727447).

The power heifer of these 3605 daughters, at 6 years of age we continue to use him because of his ability to produce productive, maternal females and heavy muscled, masculine bulls. 316E comes from a Gold Robber x Rambo 502 bred dam that is a full sister to the grandam of Lot 21. Note; both the AI and natural service sire to these sisters rank in the top 1% of the breed for Gridmaster, as well as elite Herdbuilder and growth numbers while still being phenotypically attractive and sound structured bulls. AI'd 12/1/18 to LSF SRR Pursuit 4002B (#1681940). PE 12/23/18 to LSF SRR Weigh Up 7253E (#3723635).

A three-quarter sister to Lot 22 from the Bertha family. This Packer x Redman cross has produced moderate framed, deep sided, thick made females with tremendous eye appeal. Maternally, 412E stacks Gold Robber and Rambo 502 on the Bertha family from the Enfinger herd of highly maternal females. These Packer daughters offer a unique opportunity to buy a set of half and three-quarter sisters bred to the same bulls for added consistency in your next calf crop. AI'd 12/1/18 to LSF SRR Pursuit 4002B (#1681940). PE 12/23/18 to LSF SRR Weigh Up 7253E (#3723635).

The first of four paternal sisters sired by Gills Packer 3605, a son of LMG Dynette 3041, the 108 MPPA donor in the Gill Red Angus herd. 421E's maternal grandam, 67R, is one of the foundation donors in the Lazy MC herd with multiple daughters working across the US and Canada. A flushmate sister to 133C is the dam of the \$25,000 Lazy MC Slash, their 2018 top selling bull. We really appreciate the moderation and thickness 421E exhibits and she is backed by powerful cow families on both sides of her pedigree. AI'd 12/1/18 LSF SRR Pursuit 4002B (#1681940). PE 12/23/18 to LSF SRR Weigh Up 7253E (#3723635).

This is an outstanding Andras Fusion R236 daughter out of a Brown Covenant U7548 daughter that posts a whopping 107.0 MPPA and her Grand Dam posted a 105.0 MPPA. She has 7 EPDs in the top 15% of the breed. She is big ribbed, and deep gutted. This heifer has been the stoutest and nicest heifer since day one! This is the type cow that would be a great addition to any herd. She sells **AI bred to LSF RHO Titonka 2721** on 12-22-18 then PE to Osborn Prestigious 247E from 12-28-18.

Evie is a moderate framed, well built heifer packed with a pedigree to take any herd to the next level. Her dam was a show heifer for us and goes back to Feddes Big Sky known for his great EPDs and for producing great momma cows. **Evie comes to the sale bred 2/5/19 to our herdsire, Lot 113, MRCR Nailed It 1577.** Due to calve 11/14/2019.

LCJ Copperlass is a beautiful well made young heifer that is dark in color, long and thick. She is a Cowboy Way A34 daughter. **A.I. bred to HXC Allegiance 5502C** (#3494126) on 12/23/18 and then pasture exposed to WCS Fusion 507 7 (#3754929) a long, deep, dark bull that has a wide top and full of red meat. Copperlass will make a great cow and produce great offspring. She is a good heifer to start a herd or add to an existing herd.

LCJ Copperlass is a cow that can do it all. Pedigree that is filled with great cows of the breed, and great bulls, a pedigree second to none. Look up her pedigree and I think you will agree. Look at her sire Leachman King Rob 8621 one of the great bulls of the Red Angus breed who's legacy lives on in this cow. **Bred to LCJ Cowboy Way 6207** (#3623667) a long thick top bull with a lot of red meat in him. A calf out of this mating should be a good one.

Powerful, big footed, broody female with tremendous depth of rib and unlimited genetic potential. She stands at the top of the breed for both Herdbuilder (Top 12 %) and Gridmaster (Top 1%) Indexes and boasts 1.30" REA/CWT and 5.05 IMF at her yearling ultrasound scan. Sired by the up and coming Genex sire, HXC Declaration, who is rapidly gaining attention in the breed. Show her, calve her, flush her or all of the above, this female has incredible earning potential. Bred 2-16-19 to 3SCC Domain A163 (#1619642). Video available at bullhillredangusranch.com.

A very solid performer for us that we have kept several heifers out of over the years. A Major League sired daughter with Chateau breeding on the bottom side. This female shows what long term high quality genetics achieves. With a great HB Index, this fall bred female sells **confirmed bred** to one of our herdsires we retained from our 2017 crop. PE on 1-5-19 to 3-23-19 to **Ty-Be Collier McKeel D42** (#3602668), is a Lazy Mc Trooper sired son out of the great donor female of Mark Moxley's Majestic Blockana X43. Big time beef production here.

We purchased X112 as a first calf heifer directly from Chuck and she has given us several heifers to be proud of. Maternal, maternal, maternal is what you can say when you bring up Feddes and Blockana names in the same sentence. A direct granddaughter of the famed 880 cow. She sells confirmed bred and was **AI'd to DAMAR R544 Conquest 9520** on 12-21-18 and was PE on 12-23-18 to 3-23-19 to C-Bar Klondike 204E, Reg #3791209, our herdsire selection at the 2018 C Bar sale out the great C-Bar Eldorado 114Z.

Here's a bred heifer that has many traits to highlight from growth and carcass to HPG. With a GM index of 7% and growth traits at 2% and 3% respectively, her calves should produce the bucks with a BANG! And those daughters will make nice replacements for your growing herd! She has 7 traits in the top 10% which makes for a super star in the making! She is bred with a Fall 2019 calf. She was **AI bred to Boxed Beef** (#1305669) on 1/5/19 and pasture exposed to JYJ Nebula B5008 (#1692788) until 3/1/19.

We wanted to bring a very unique and one time genetic opportunity to Cullman. This open yearling heifer by the Grand Champion female MNS Sheena and sired by the completely exclusive Red U-2 Riff 1213C is a true cutting edge female for the future. Very structurally correct with a huge weaning weight expression, this Sheena heifer brings great foot, great udder, and new age feed efficiency to the Southeast. You will drive a lot of miles to find one like this. She sells with all of her pre breeding shots complete and ready to breed to the bull of your choice.

Lot 64 Pick of our Fall 2018 Open Heifers

Consigned by **Jim & Alvina Meeks / Bull Hill Ranch**

Gray Court, South Carolina | bullhill2@prtcnet.com | 864/981-2080

Buyer gets first choice of **over seventy** heifer calves sired by Domain, New Direction, Declaration, Profitbuilder, Deep End, PIE Legend, LCJ Night Calver, RRA Soldier and others. In addition to being sired by some of the breeds top sires, these females hail from some of the greatest cow families in the Southeast, including Angela, Bertha, Bessie, Beulah, Gumdrops, Juana, Prissie, Ruby, Susie, and Zara. Take advantage of over twenty five years of genetic selection in an environment that challenges cattle with heat, humidity, insects and poor quality forages! Selection must be made prior to June 1st, 2019. Complete pedigree and EPD information will be made available to the buyer. More information available at bullhillredangusranch.com

This show heifer prospect is a September born Blockanna family heifer out of a Lazy Mc Trooper x Blockanna X234 female that we showed ourselves. The X234 donor has proven herself as a truly great donor in the breed many times over both in the show ring and with show topping heifers across the nation. This functional great structure family continues on with this young heifer out of our Pie Code Red heifer bull we used for several years from the Shuey family of Iowa. Code Red, Blockanna X234 and Trooper. This young girl will compete in the show ring and then go on to be a great female producer for any ranch in the Southeast. She is halter broke with all of her shots and ready to go to work in the show ring this summer.

Don't over overlook this April heifer. She is the right kind. She is a calving ease heifer with a top 14% CED and a top 22% BW EPDs. Her individual performance is outstanding with a 93% ratio for birth and 104% for weaning. Her dam carries a 101 MPPA even at 13 years old. And she is very phenotypically put together.

You will definitely see this heifer as you walk through the pens. What a powerful heifer that has all the makings of a great productive female. Very balanced EPDs with 7 EPDs in the top third of the breed. Her individual performance shows a 71lb birth weight at 96% ratio and 619 lb weaning weight at 115% ratio. On top of it all she is a daughter of LSF RHO Titonka Z721.

This Andras New Direction R240 x Glacier Chateau 744 heifer will certainly catch your eye. Her EPDs show a balance from calving ease to maternal to carcass and her individual performance of 97 BWR to 100 WWR will make future breeding decisions very easy. Her dam carries a 105 MPPA and this heifer should do the same for her new owner.

This LSF RHO Titonka Z721 daughter is about as stout and thick made as they come. With her dam's 103 MPPA and Titonka's growth and maternal traits, this heifer will make a welcome addition to any program. This heifer went from a 76lb birth weight to a 611lb weaning weight and has not slowed down since. Her WW EPD is in the top 12% and her YW EPD is in the top 28% of the breed.

A true sale highlight here! A daughter of the 2016 NAJRAE Futurity Champion Female! This heifer is built so identical to her mother it's scary. Correct in her angles, flexible on the move, and maternal in her build. Not just phenotypically is she impressive but her pedigree is one that you can build on containing both Mulberry and Nexus. She is halter broke to be shown but her best days are in production.

Here is one that should really be staying in North Carolina but we are committed to selling our best. A maternal sister to the E168 heifer but out of Red Soo Line Power Eye and for those who follow the Red Angus breed you know the impact he has had on the breed. A stout featured, bold middle female, with lots of extension.

Juniors pay attention here! This heifer goes back to a cow that dad bought as a bred heifer in the Solution Genetics sale and I have to give him credit here. This cow always raises a calf that is at the top of their contemporaries. This female is one that I feel can garner some attention in the show ring. You have to admire this heifer for that extra look she gives, her depth of rib, and her soundness.

We are very excited to be bringing multiple lots this year after missing the sale last year. This female is one that combines a lot of good. An ET heifer out of the popular Fire Storm bull that has sired multiple champions and our Blockana donor that is a maternal sister to the first ever Triple Crown Winning female. Here is a female that offers both pedigree and performance.

This classy, September 1st fall heifer calf is long bodied, very structurally correct, and has an outstanding disposition. She is sired by a Brown Synergy son with a Basin EXT/Chateau dam.

Dina Pet 4933 is a prime example of what the Dina cow family is about. This heifer traces back to P236 the original Nuts, Butts and Guts cow of Leachman Cattle Company fame. Her Herd Builder places her in the top 11% in the RAAA data base – wow! With over 10 traits in the top 32 percent rank or better, this female will make a great addition to any herd in the world. Be sure to look her over on sale day.

Now, this one will catch your eye! She is nicely made and down-right fancy! Her daughters will make for some beauties too! Her mama has been a tremendous mother raising and producing healthy, marketable cattle year after year. She breeds back every year, raising fine calves each year. Notice this heifer is in the top 1% for HPG with good milk and excellent growth to raise solid, healthy calves that you will likely want to keep in the herd.

Elite pedigree alert! This heifer is stacked with a pedigree worth building on! Her dam has been a top producing donor cow, going back to the breed-leading cow, Abigrace L7730, mated to a breed-changing sire, Nebula P707. You just don't find better progeny than this! With Stayability at 19% and HPG at 10%, her daughters will be worth keeping to build a solid cow herd!

Scout 2194 has been an amazing producer for us. Every sire we mate her with the progeny are strong. Our NAJRAE show string last year had 3 of her daughters by 3 different sires with 1 being a division champion and a Top Five Female in the Bred and Owned show. Scout is also the dam of CJKT Kathleen 700, the dam of lot 91B embryos. Our Bandera calves are sure looking good this year. We have full sibs to these embryos on the ground and are excited about their development.

Kathleen is a cow that we have hoped to raise for many years. To us she is the epitome of the perfect Red Angus female. She is a moderate framed, big ribbed, wide topped female that is still feminine fronted and has a beautiful udder and a calf raising machine. She was named Reserve Champion Bred and Owned Female at the 2019 National Red Angus Show in Fort Worth. At 2 years old she has already calved and has produced 9 grade 1 embryos. Razor was used to introduce new genetics and stoutness to our herd and he has not disappointed. All of his calves are top tier and developing well. This is a no miss decision as the heifer calf at the side of Kathleen in the photo is a full sib to the embryos selling, not to mention the fantastic set of EPDs these cattle will exhibit.

What an opportunity to pick up some old breeding with a new twist. BHC Hannah is a UBAR High Capacity 224 daughter and a FCC Rambo 502 grand daughter on the dam side and JRA James 904 and BJR Bonnell grand daughter on the sire side. The last flush BHC Hannah produced 22 #1 embryos. The sire PIE The Cowboy Kind has great thickness and eye appeal. BHC Hannah's first calf sold at 5 months of age at the 2013 Kentucky Beef Expo for \$2,400.00. Her second calf, BHC Zelda, pictured, sold as a bred heifer in the Grasstime Sale for \$7,750.00. One of her sons is a top herd sire at Flat Creek Farms. EMBRYOS WILL BE AVAILABLE SALE DAY, SHIPPING NOT AVAILABLE.

Stacking Gold Robber and Rambo 502 is about as proven and predictable as Red Angus genetics get. This is a mating that has worked time and again for us including the top selling heifer of a past Grasstime sale to Hendersons in Texas; 2012 TN State Fair Res Grand Female; dam of Lot 22, and grandam of Lot 21 (all four different females) plus another sister in the cowherd. The predictability and proven track record of this mating speaks for itself.

This mating offers an EPD set with 10 EPD's in the top 25%. Of that the top 10% HB; top 1% GM; top 2% YW. This mating should be an awesome sight to see when the calf hits the ground! Last year Declaration was one of the most used sires in the breed and Abigrace 7925 is one of our donors that I bought as a weaned heifer from RA Brown. We took a chance on an unproven heifer and man has she paid off! Her heifers have topped previous GRASSTIME sales and she continues to produce as a ten-year-old with 13 grade 1 embryos on her last flush.

All heifers are sired by a Red Angus bull and are out of Red Angus Commercial cows. Heifer #1803 is an AI calf out of Brown Pursuit and a 1st calf heifer. All have permanent tattoo ID's, been dewormed, and had necessary vaccinations. They have not been implanted. These heifers have been handfed soy hull and corn gluten pellets with free choice mineral and hay throughout the winter.

This sweet F1 baldy heifer is the result of crossing a few of our registered cows with the Select Sires Hereford bull NJW 98S Durango 44U. With the calving ease, hybrid vigor and heterosis from the crossbreeding, this heifer should perform very well at her new home. She was bred AI to the great Beckton Nebula M045 (854775) on 12/28/2018 and PE to Osborn Prestigious 247E from 1/5/2019 to 3/10/2019. She checked confirmed to AI breeding.

This bull has been impressive since day one. He is out of a son of the highly used Redhill T189 Medal 176A bull and an Osce cow. The Osce cow family has been one of the most productive cow families for us. Not only is this bull very attractive phenotypically, but his EPDs show 8 that are in the top third of the breed and Herdbuilder in the top 12%. Take this bull, use him successfully on heifers, but with his growth numbers in the top 20% and 25% and his top 9% HPG and top 22% Stay, use him to build your herd around.

TERMS AND CONDITIONS

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.
