YEAR-AROUND**

"Skinny Dipping at Veto" by Carl Gleghorn

## **WITH OVER 25 YEARS IN THE BREED, WE ARE BREEDING FOR BALANCE.**

At Veto Valley Farms, we focus on breeding for balance, because we understand that each trait has a long-lasting effect on our cowherd & our customers' profitability, whether it's calving ease & growth, maternal & carcass, phenotype & EPDs. We are built on a long history in the Red Angus breed, dating back to the first female purchase from Whitley Red Angus in 1992. We are based on 1,100 owned and 600 leased acres in southern middle Tennessee near Fayetteville and north central Alabama near Veto/Elkmont. Our 225-head cowherd includes purebred Red Angus & a SimAngus recipient herd, whose progeny are available by private treaty & consignment/online sales. Bulls are offered through Ludvigson Stock Farms- Ozark, MO sales. Contact us to see how Veto Valley can work for you!

**Health Certificates:** Interstate health certificates will be furnished on each animal sold. Special details in regards to the foreign exportation of cattle may be arranged through the sale manager.

**Welcome to the 29th SERAA Grasstime Sale**

If you pick up a copy of the March 2020 American Red Angus magazine, you will find 66 Red Angus auctions across the United States and Canada advertised for the spring 2020 season . . . . . and that is not counting the private treaty or "on the farm" sales without auction dates. In the last three decades, the popularity and dependability of Red Angus cattle has skyrocketed among commercial cattlemen and the competition for auctions and auction dates has also become significant within the industry. With that said, very few of these 66 auctions have been going for nearly 3 decades. The Southeast Red Angus Association's Grasstime auction is truly one of the "testaments of time" in regard to the offering of quality genetics on a membership consignor basis. I am quite humbled to have been a part of the last 28 auctions in Cullman, Alabama and would like to point out that this is one of the longest running Red Angus auctions in the world. The leadership and comradery among the Southeast Red Angus members is incredible, holding this event and its attendees together for 29 years.

The 2020 offering of Red Angus cattle and genetics is truly phenomenal and I cannot overemphasize the importance of the cattlemen and women that are consignors to this event. Without their dedication and loyal support, this auction would never have established itself as one of the best in the country for the past twenty-nine years. As I look back at the first Grasstime catalog, I see four operations that were consignors and have been ever since: R.L. Angel (GA), Raymond Prescott (SC), Rocky Hill Farm (TN) and the Whitley Family (AL). In this catalog you will find each of the Red Angus operations cell phone numbers and email addresses. I encourage you to contact them directly with any questions you may have regarding their cattle or genetic lots.

If you are making plans to attend the Grasstime Auction, we also would like to invite you to the Pre-Sale Banquet on Friday evening at the All Steak Restaurant. Be sure to come out and meet these industry founders as well as many of the consignors to this year's auction and enjoy some of the best Red Angus fellowship in the business. If you are new to the Red Angus breed, welcome! The SERAA Grasstime Sale is an excellent place to invest in some of the nation's top Red Angus genetics and also the prime choice to market your future genetics to the world.

If you are unable to attend the auction, please feel free to contact the buyer representatives listed on this page. You can watch and also bid live during the auction using DVAuction. If you have any questions or would like me to assist in making any selections from this offering, please feel free to call me as well 641/919-1077.

I look forward to seeing you in Cullman, Alabama April 3rd and 4th.

Best Regards,

*Kyle Gilchrist*

Joe Gibson, Bill Gibson, Kyle Caires Rome, Georgia 706/506-3026 joe.surf@comcast.net

A stylish, nice-fronted, Modena Queen female with the volume, rib shape and fleshing ability needed to flourish on fescue in the Southeast. Her sire, HXC ALLEGIANCE 5502C, offers breed leading growth, marbling and phenotype in one package, and this heifer makes it easy to see why that bull is one of ABS's leading customer satisfaction sires. Her dam currently has a 102 MPPA and also produced a high marbling, good performance bull that we sent to test at Midland a few years ago. G159 ranks well for Herd Builder and Grid Master indexes and is a brood cow in the making that will be a nice addition to any herd.

HXC Allegiance 5502C | Sire of Lot 2

**Lots 3-6:** Offering four Paternal sibs out of the two time national champion Damar Trump C512 (#3480006). Trump not only brings phenotype, but great maternal strength as well. These females bring structure and strength and will bring future value to the program that acquires them. Bid with confidence.

Leoma, Tennessee 931/244-0376 hk7582@hotmail.com

Lot 8 is a heifer with a super line-up of Red Angus stud bulls in her lineage including such greats as Destination X Check Out X Laramie & Cheyenne. If you are looking for solid consistent producers, this heifer's dam is a ten-year-old consistently weaning 600+ lb. calves.

**Lots 9-12:** These four paternal sisters are right out of the heart of the Kelton program. Consistency in their EPD numbers, individual performance and genotype make them a great group to buy if you are building a herd. We will more than likely offer some of these heifers in a choice lot with the buyer being able to take more than one at the bid price. Again, if you want to lay into some similar type of heifers to build a program on why not buy sisters that will bring consistency to your next calf crop. Don't miss the fact that Lot 7 is also a paternal sister with a 662 lb. weaning weight!

This is a very deep sided, feminine open heifer with a thick back and moderate frame. Easy calving, great on milk and I have kept her dam and two sisters in my herd. This is a very well made heifer with tremendous potential. Come take a look for yourself. She self open, ready to breed to the bull of your choice.

I started in the Red Angus breed in 1989 with the purchase of two breeding cows from Bob Angel and later added some genetics from Whitley Red Angus. After 30 years, I am very pleased to be in the Red Angus business. If I were 30 years younger, I wouldn't sell a heifer like this one. She was easy calving, grew fast with low maintenance, is easy to handle and has a dark cherry red color. She will be a big improvement for your herd and could make a donor cow. Great body with moderate frame.

Good dispositions are of key importance in our selections, low birth weight, easy calving dam with a solid history of long term staying power. Sired by Osborn Samurai that is an easy keeper and a great breeder with a super disposition that allows for easy movement and handling. Lots 16 & 17 both go back to OOF bloodlines.

This Redemption grand-daughter sired by Brown AA Prestigious B5153 will be a favorite by far! Her dam has been a phenomenal donor for us transferring an average of 7 embryos per traditional flush. B98 is wide and deep! She passes many of her admirable traits down to this heifer with 8 traits being in the top 35% of the breed. This nicely balanced female brings sustainability to the herd; one you can expect to build on!

This Queen Jewel came to us in dam when we purchased 4681 as the top selling bred heifer of the last Whitley 'Share the Herd Sale.' She stacks 4 generations of AI sires on the great JRAJames 904. PIE Just Right has been one of the leading sires at ST Genetics and is one of their "go-to" maternal sires. 2F1 is deep sided, long bodied and maternally built. Buy with confidence, the marketability is in place, as she will always be a Queen Jewel!

A nice dark red heifer that should make a heck of a brood cow in my opinion. This heifer is easy fleshing and moderate framed. Sells open.

This heifer is sired by GG Epic C565 and out of the Angel's 309 dam. Angels 309 has been a strong producer of quality calves year after year. This heifer has the potential to have a calf that is easy to birth and has great growth potential. Breed to your favorite bull and watch the calf grow. She is a heifer that you will want to keep in your herd for years to come.

This very attractive fall heifer calf is out of our von Forell Ranch sired bull that topped the Kentucky Beef Expo 2019 sale. She is powerfully made, long sided, big topped and big quartered. She has plenty of bone, is structurally correct, and she's easy dispositioned. She should be a showman's dream. Her 2-year-old sister has gone back into our herd and is raising a very nice bull calf. This is the kind of female that will work in any cow herd.

This heifer calf is as pretty as they come. You will appreciate her very trim and extended front end, her width of top and her rear quarter thickness. She is structurally correct, travels easily and she has an absolutely awesome disposition. This heifer is sired by Bieber Spartacus, that boasts weaning and yearling weights within the top 11% of the breed. The dam to this heifer calf produced the high selling bull in the 2019 Grasstime Auction sale. We think that this heifer will certainly make a show heifer, but also an extremely nice addition to any Red Angus herd.

Moderate, stout, bold ribbed april female out of the Firefly cow family. Study the pedigree on this one and you'll understand why I'm so big on this female. This female has major cow power behind her when you combine the Firefly cow family on the bottom side with the Persuasion cow family on the top side.

We've been fortunate to acquire in my opinion some awesome cattle from some awesome programs, and if you are ever in western NC we invite you to come visit. If you do happen to ever visit I guarantee you won't miss the dam of G201. We acquired her mother out of this sale from Bull Hill Ranch and she has been the definition of a no-miss cow. We've never let a daughter of 7032 out of our herd but here is your chance. Longevity, fertility, and phenotype runs deep in this female.

Presnell Red Angus is excited to be a part of another SERAA Grastime sale, we feel that we have put together another excellent set of open heifers out of some of our top cows. G193 comes out of the Favorite cow family where her Grand dam was the Reserve Champion Red Angus Female at the 2016 NC State Fair. Balanced look combined with balanced EPDs, this heifer deserves your attention sale day.

A maternal sister to the Lot 76 heifer that sold in last year's sale. Out of the popular Power Eye 161X bull who has sired countless high sellers and champions, G197 is long bodied, stout made, and bold-ribbed. On top of all that, her donor dam is a maternal sister to the Triple Crown Winning Blockana 807 female. Big time opportunity here!

Lot 40A – Selling one (1) package of three (3) embryos of the same mating (HXC Declaration 5504C x Bull Hill Juana 9133). Embryos will be in Cullman on sale day.

Juana 9133 has maintained a 112 MPPA and a 359 day calving interval on 8 natural calves before going to work as a donor for us last year. This cow has led the herd with a 114 WW Ratio, and phenomenal carcass ratios of 115 for IMF and 110 for REA! Her 2017 born heifer calf, Juana 7260, is a full sister to the pregnancy and embryos selling this year, and she is the 2019 Grand Champion Red Angus Open Show Female at the South Carolina State Fair. This is an amazing cow family backed up by past donor dam, AHE Juana 914. Genex sire, Declaration, is seeing heavy use across the country because of his ability to consistently sire powerful, long bodied, growthy cattle with plenty of eye appeal. The recipient will be a registered Red Angus female. Complete information available by sale day. Visit our website: bullhillredangusranch.com or call 864-981-2080 for more details.

Gray Court, South Carolina 864/981-2080 bullhill2@prtcnet.com

Lot 41A – Selling one (1) package of three (3) embryos of the same mating (3SCC Domain A163 x Bull Hill Alexis 8124A). Embryos will be in Cullman on sale day.

Alexis 8124A is a consistent top performer in our herd with a lifetime MPPA of 109 and 111 WWR. Four of her natural calves have claimed the top spot at weaning time in their contemporary groups, and two of her sons have been used as herd sires at Bull Hill. Last year, her heifer calf was chosen by Chain Ranch of Canton, OK as the pick of our heifer calf crop. Domain continues to lead the breed for the Herdbuilder Index, producing lots of sale topping sons and daughters along the way. If you like power, performance and predictability, look no further. Recipient will be a registered Red Angus female. Complete information available by sale day. Visit our website: bullhillredangusranch.com or call 864-981-2080 for more details.

Foremost is a high performance Premier son that was the \$25,000 top seller of a past Ludvigson-North Dakota Sale to Gill Red Angus. His calves have added growth with eye appeal and the bulls have been easily marketed. 322Fs dam is an impressive young female we purchased from Bull Hill; she's thick, deep and long made with a beautiful udder. She hails from the productive Amber Glo family that originated in the Al Enfinger herd. **A.I. bred on 11/30/19 to WFL Merlin 018A** (#1628086). Pasture exposed to JEM Exclusive 140C (#3525264)

Another very nice dark red female here. A.I. bred to Majestic Lionheart on 12/23/2020, then pasture exposed to Red Cockburn Cowboy Up 718E (#1992806) for the month of January 2020. 718E is out of the famous Cora 2542 cow that now resides at Bovitech in Wisconsin. Rose 332 has a terrific pedigree in my opinion. Her dam is probably the best cow to ever carry the JK prefix.

The Bells Victoria 832 cow has been a cornerstone for years and can be described in one word- POWERFUL. It doesn't matter if it's heifers or bulls. She gets it done! Here is a chance to get a November 2018 ET Victoria daughter out of Soo Line Power Eye 161X. She comes to the sale bred to calve this fall and with the potential to be a donor cow for your herd going forward. We showed this heifer at the 2019 NAJRAE in Grand Island, NE where she held her own in probably the toughest Red Angus show we have ever participated in. With that said, yes showing is an option, but should not be the main reason to buy this heifer. The main reason is that this purchase has the potential to be a game changer for your program. Just check out the genetics that make up this heifer- Power Eye, Sakic, Chateau plus bred to Cinch. AI bred on 1/18/2020 to PIE CINCH 4126. Pasture exposed to BFRA WTB Cowboy Cut 1829 (#4042344) from 1/18-2/15/2020. Vet checked pregnancy details will be available sale day if not sooner. Please follow Bell Farms Red Angus on Facebook for more info, pics and videos as we get closer to sale day.

Looking for new direction for your herd. Check out these hard to find genetics in full display. Pay attention folks to 3 things on this heifer: 1)Silveiras Mission Nexus 1378 Daughter with an outstanding set of EPD's. (check out the growth spread); 2)Bred to Soo Line Power Eye on 12/22/2019 and right now appears to have gone over; 3)Halter broke with the Nexus look if someone is looking for a very good senior yearling to show. AI bred on 12/22/2019 to Red Soo Line Power Eye 161X. Pasture exposed to BFRA WTB Cowboy Cut 1829 (Reg # 4042344)1/18-2/15/2020. Vet checked pregnancy details will be available sale day if not sooner. Please follow Bell Farms Red Angus on Facebook for more info, pics and videos as we get closer to sale day.

A phenomenal fall bred heifer out of the great Blockana family and was sired by a New Direction son out of the great B023 Damar donor cow. The B023 donor was one of the leading donor cows selling at the Cloud Nine dispersal. We have watched many of these Directing D556 daughters excel in our retained heifers but wanted to bring one just to show some contemporary genetics of what this RA breed can achieve in 2020. Super stout with great structure feet and udder. She sells **confirmed bred with a PE date of 12-14-19 to 3-15-20 to C-Bar Allegiance 408E** (#3844625), our proven low BW heifer bull of the great HXC Allegiance 5502C.

"Power" is the word to describe this heifer. Top 22% WW, 20% YW, 21% ADG, 9% HPG and 31% Stay. Her sire, Andras Black Genes B004, is a power bull and her Mulberry 26P x Roxie dam has done a good job here. This heifer ratioed 96% at birth and then came in with a 112 WW ratio. Expect her to produce some top calves. **AI bred 1/7/2020 to Beckton Nebula M045** (#854775) then pasture exposed from 1/15/2020 to sale day to Osborn Easy Caver 215F (#4011668).

This heifer is a true power house! Starting out as our smallest Fall heifer calf, she grew to be our largest heifer weaned at 670 pounds. With a flawless EPD profile, this heifer has 11 EPD's in the top 30% of the breed. She's big-footed, stout-structured, big ribbed, and feminine. She's out of the great Andras New Direction R240 with over 3,400 progeny reported and comes from the great Belga cow family. Her dam is one of the most powerful cows in our herd, with an outstanding 103 MPPA. A half sister was purchased by Andras Stock Farm in Fall of '17. Dixon Red Angus thinks enough of this heifer that we would like the opportunity to co-flush 306F with her new owner. She sells **A.I. bred to Bieber CL Atomic C218** on 12-26-19 and P.E. to Osborn Setting The Pace 305F from 12-28-19.

This heifer is fancy, dark red, and smooth made. She is what you would consider the cream of the crop. Her power house dam is one of our donors, Andras Rue B039, that carries a lovely 101 MPPA. She is genetically stacked with Andras New Direction R240 being her sire and Andras Fusion R236 as her maternal grandsire, these two bulls have sired sale toppers all over the country. She has seven EPD's in the top 30% of the breed. With a ME of -5, this heifer will make an easy keeping cow. She sells **A.I. bred to Bieber CL Atomic C218** on 12-26-19 and P.E. to Osborn Setting The Pace 305F from 12-28-19.

This stylish heifer features a 104 weaning ratio, eight EPDs in the top 1/3 of the breed and a pedigree that features genetics from two of the top programs in the breed. The dam to 4944 comes from the Takeover X P707 X Abigrace 7730 mating that R.A. Brown sold so well 3 or 4 years ago. 4944's sire is PIE Just Right 540 that was Pieper's high selling bull in 2016 at \$75,000.00. Expect 4944 to produce attractive calves that make great bulls and replacement females. After all her relatives at Brown's & Piepers have been doing just that for years. **A.I. bred on 2/02/20 to Finished Product (#3861137)** then pasture exposed from 2/02/20-3/02/20 to C-T Exceptional 8132 (#3948121)

Angel Girl is an outstanding Prospect daughter from a super good cow family. This female has 10 EPD traits in top 40% or better with weaning top 27% and yearling top 23%. This female is from a great young cow and has never missed. Her younger sister is in herd and will be retained for my use. Her dam has posted a 102 MPPA. **She is confirmed AI bred on 12/23/19 to ABS bull Collier Finished Product (#3861137).** The mating calculator EPDs indicate HB 214, GM 49, CED 16, BW-1.6, WW 6,7 YW 113, Milk 25. Calf should certainly be attractive and have high production capabilities. Look her over on sale day.

155A is a female that has done it all, produced major donors and headlining herd sires. Lady is a dark red donor that we have used heavily in our program, averaging 13 embryos with a high of 22. 155A had a daughter top this very sale last year at \$9,200 for the Tolar family (MS). Lady is a dark red, deep bodied and stout, I can brag on this female for days but Lady is a female that can take a program to the next level in one flush. **Sells open and ready to flush.**

TRUMP, TRUMP, TRUMP. Who wants a Damar Trump C512 daughter due to calve this fall? This April heifer was a very good show heifer for us last year that we moved to our fall breeding program just based on her age this past spring. She's solid with an adjusted wean weight of 685lbs and would look good in anyone's herd who is looking to improve. She is the Cowman's Kind for sure. **AI bred on 12/27/2019 to Andras Fusion R236**. Pasture exposed to BFRA WTB Cowboy Cut 1829 (Reg # 4042344)/1/18-2/15/2020. Vet checked pregnancy details will be available sale day if not sooner. Please follow Bell Farms Red Angus on Facebook for more info, pics and videos as we get closer to sale day.

A truly elite female touting eight EPD's and indexes in the top 25 % of the breed, including top 1 % Herdbuilder and Stayability! She began as a show champion and has worked as a great pasture cow (102 MPPA) and donor dam. Her dam, full sister and daughters will continue the great tradition of the "Susie" family at Bull Hill. Bull calf at side by LCJ Night Calver 5197, Reg. # 3585582, born 12/15/19, (80 lb. birth weight), EPD's: 213 HBI, 49 GMI, 11 CED, -.1 BW, 67 WW, 108 YW, .25 ADG, 1.54 DMI, 22 Milk, 5 ME, 12 HPG, 8 CEM, 21 STAY, .40 MARB, .14 YG, 24 CW, .16 REA, .05 Fat. He will definitely be a herd bull prospect. Susie sells bred to Leland Marksman 6629 (#3543019) on 1/31/20. Marksman calf's projected EPD's: 228 HBI, 49 GMI, 12 CED, -.15 BW, 65 WW, 107 YW, .26 ADG, 1.36 DMI, 24 Milk, 1 ME, 9 HPG, 7 CEM, 23 STAY, .35 Marb., .08 YG, 14 CW, .11 REA, .04 Fat. 2010 is a big, stout powerfully made, Full Throttle daughter from our former BJR Copperlass 2111 donor who we sold to Damar Farms, where she had several daughters in their dispersal. 2111 was a highly fertile donor and stacks Make My Day x King Rob x Rambo 502 on RD Copperlass 1B. The added bonus to this lot is her Oct born heifer calf at side sired by the \$150,000 LSF MEW Platinum 5660C; the #1 GM bull in the breed. Owned with Atkinson Reds, Pulaski, TN. A.I. bred on 12/14/19 to Bieber Brave E573 (#3761665) with female sorted semen. Pasture exposed to LSF SRR Weigh Up 7253E (#3723635)

**Lot 88A** — Offering a package of (3) maternal sib embryos to Lot 88 sired by 5L Norseman King. This is a fail proof mating that stacks four generations of the breeds most proven sires on one of the most respected cow families. Guarantee one (1) 90 day pregnancy if implanted by a certified tech.

Here's a lovely 5 year old cow out of the great Andras Fusion R236. She's an easy keeping cow with an ME of -5. She sells with a stout, soggy, and impressive bull calf (#4220214) at her side that was born on 2-1-20. His A.I. sire, Andras Bourne Silver E016, was the high-selling bull in the 2018 Andras Bull Sale. He would make a fantastic herd bull!

Jessa A31-D53 was the top seller in the 2017 Big Sky Elite Sale. She has matured into a female with a lot of eye appeal. She has great length, is very feminine, straight lines, nice udder and great feet & legs. She has great performance posting a 109 WR and a 108 YR. 9 of her EPD categories are in the top 25% of the breed. **She has a super 11/12/19 heifer calf at side sired by Prospect 5475C (#1751140).** Pasture exposed to C-T Exceptional 8132 (#3948121) from 1/21/20 til sale date. 8132 was the 3rd high selling bull in the 2019 Feddes/C-T Bull Sale. We are retaining her 2018 heifer calf in our herd. This package will make a strong positive impact on the new owners herd.

Here is a full sib to great Sheena cow out of the Shuey Stock Farm in Tecumseh, Neb. selling with a heifer calf and then most certainly bred back to ANDRAS FUSION R236. You have got to be asking why in the world would you sell this pair. Two words: College Tuition. This upcoming 5-year cow is just starting the prime of her life. Take her home with an **October 19 heifer calf out of CBar Anticipation 101 W (#4208800)**, turn her out and then wait on her to calve in September. You can most certainly build your entire herd around this purchase. AI bred on 12/13/2019 to Andras Fusion R236. Pasture exposed to BFRA WTB Cowboy Cut 1829 (#4042344) from 1/18-2/15/2020. Vet checked pregnancy details will be available sale day if not sooner. Please follow Bell Farms Red Angus on Facebook for more info, pics and videos as we get closer to sale day.

Sells with heifer calf: TWT Jessie 201 (#4223998), calved 12/20/2019, sired by Red MRLA Resource 127E. What a genetic package here! Jessie is a direct daughter of the amazing Red SSS Jessie 261Z. 625 herself is an ultra feminine, big ribbed female with a great udder. She is nursing a 12-20-19 heifer calf by Red MRLA Resource 137E. Resource calves topped the historic U2 Dispersal sale with undeniable quality and stoutness. Our Resource calves are sure shining and we expect nothing different for this heifer calf. **625 was AI bred 2-26-20 to 9 Mile Franchise** and will be pregnancy tested before the sale.

This big bodied and big quartered, Brown Synergy calving ease sired grandson, is a performance powerhouse. He has always been a standout among his contemporaries, posting an 805 adjusted Weaning Weight, and in the top 17% of the breed for Yearling Weight. This big, gentle dispositioned bull comes out of a big bodied, deep red, Von Forell Ranch, Red Angus cow that goes back to Majestic Lightning and Rambo on the cow side. The sire is a Brown Synergy grandson out of a Von Forell cow with Basin EXT and Chateau in her pedigree. Our Wyoming, Von Forell Ranch based cow herd has adapted well to the Tennessee climate and pasture grass.

Herd Sire Prospect. This bull is a great example of 'pounds in the right package': structurally sound, attractive patterned, very thick, yet deep and soft-sided. He has been a standout since birth and took honors as the heaviest 205-day weight from the 2019 calf crop (115 WW ratio). G189 has nearly identical performance figures to his sire, HXC ALLEGIANCE 5502C, the #1 Red Angus bull in the active ABS lineup for Marbling EPD that sits top of the breed for growth and performance. His dam, B564, is an excellent, mid-size Nexus X210 daughter that's earned a 104 MPPA. We are retaining a semen interest.

MFIN MISS AVALANCHE S29

We wanted to sell a bull really worth selling in Cullman and changed our previous decision to hold Captain Jack back as a herd sire for ourselves. This virgin two year old bull is unique in that he did not go down the Show road and has had zero feed in his lifetime. Spending his time at our house pasture solely on grass and round bale hay. Combining the time tested Conquest with the latest and greatest Pie One of a Kind on his dam side, you get the total package here. Come see what natural muscle expression is all about, great structure and feet, with EPDs we all drool about. Negative BW with a top 12% YW. We have watched with amazement what our investment in the Pie One of a Kind genetics has done to our birth to yearling spread in our herd. His direct daughters are some of our future donors. I am told we may be the last breeder in the biz with his semen left in the tank. Take advantage of a truly unique opportunity to make a boost in your herd with the all natural and cutting edge Captain Jack.

The Evolution x Mulberry cross has been stellar for C-Bar Ranch; this big topped, thick made son follows that mold. His dam was a selection from C-Bar where she was a donor and left many daughters as replacements. She is impressive in her bone structure, mass, and depth which she has consistently passed to her progeny. With his 14.3" ribeye, 929F covers all the bases to sire maternally and carcass oriented progeny.

Donor – Larkaba 5100 is the picture reference in the Genex Semen Catalog for her sire. 5100 is a great cow in her own right with production and type but is also backed by the power of her dam (R5195), who is the dam of many such as Boxed Beef at ABS and her MGGDam (6384) produced Gold Robber at ABS. Note that these are the first embryos ever offered out of 5100.

Sire – Finished Product is the outcross bull at ABS plus excellent EPD profile. He ranks in top 2% for \$Profit and top 5% for \$Ranch. The resulting progeny of these embryos would currently rank in top 2-30% of the breed for the following: HB, GM, CED, BW, WW, YW, ADG, MILK, ME, HPG, CEM, STAY, MARB, CW, AND REA for true multi-trait balance excellence!!

Embryos stored at Genex Billings.

Donor – Miss Sensation 407 was Kambrie Murray's Pick of the BJR Donors at the 2019-Mile-High Classic. 407 is an outcross data leader for performance [205=689#/365=1117#], EPDs with 8 in the top 11% of the breed, scan data of 7.12 marbling and 11.54 REA! 407's dam has a 102 MPPA, her MGDam has a MPPA of 107, her MGGDam has a MPPA of 98, and her MGGGDam has a MPPA of 110! The outcross cow side stacks outcross sires of Future Direction, EXT, Energizer back to a red cow out straight black parentage. Boot Jack has limited embryos left as Miss Sensation is now a mainstay donor for Kambrie!

Sire – Red Box is one of the HOTTEST Sires of the Breed!! Recent daughters have sold for \$71,000; \$50,000 and \$32,000 to name a few. If you want Backdrop type with real world performance, take a look at this special embryo lot. Note that these are the last Boot Jack embryos of these mating. Also note that Boot Jack has 2 ET daughters of this mating – BJR Miss Sensation 003H and BJR Miss Sensation 004H that I am sure you will hear more about in the future!

LCA Haggard 799E is sired by Red Lazy MC CC Detour 2W who needs no introduction with top quality progeny all over North America along with being a very successful sire at Wildcat Creek Ranch and Griswold Cattle Company. Haggard is backed by two of the best cows in the breed with Red Eggen Smash Miss 117S and Red Lazy MC Bess 12S. His dam 117S was the high selling female for \$48000 in the Wildcat Creek dispersal and is a phenotypic outlier that possesses and breeds traits that are extremely hard to find in the Red Angus breed. Red Lazy MC Bess 12S was show female of the year in Canada during her extremely successful show career. Haggards sister WCR Countess is easily the best red cow to walk at LCA. She is perfect footed, perfect uddered, easy fleshing and AI's every time first time. The Haggard calves come easy with a cool look at birth and grow into powerful, attractive calves with added performance. Haggards first daughter was Reserve Champion Red Angus Female at the Maryland State Fair for Winter Springs Farms in her first outing at only four months of age. Haggards first calves have averaged 74 lbs out of first calf heifers. Owned by Sandridge Farms and Lonesome Creek Angus.

### LOT 124 - BRED FEMALE

*Consigned by* **Jed Dixon / Dixon Red Angus**

Athens, Alabama 256/614-4212 [jdixon@dixonstables.com](mailto:jdixon@dixonstables.com)

Here's a really nice commercial heifer A.I. bred to Bieber CL Atomic C218 on 12-26-19 and P.E. to Osborn Setting The Pace 305F from 12-28-19. She is out of Osborn Maximum 213D and a commercial Hereford/Red Angus cow.

### LOTS 125-126 - OPEN HEIFERS

*Consigned by* **Jed Dixon / Dixon Red Angus**

Athens, Alabama 256/614-4212 [jdixon@dixonstables.com](mailto:jdixon@dixonstables.com)

These two heifers are yearling open heifers out of Andras Black Genes B004 (#1709557). 107G is out of a commercial Charolais cow and 110G is out of a commercial Charolais/Red Angus cow. These two heifers will make big-stout cows that will produce big calves at weaning time.

### LOT 127

#### BFRA WTB SABER 1915 (#4072688)

*Consigned by* **Tom Bell II / Bell Farms**

Friendship, Tennessee 731/225-2490 [wtombell2@gmail.com](mailto:wtombell2@gmail.com)

Red Baldy Alert! Here is a Cat 3 Hometown 10Y heifer calf out of a possibly the best cow we have on the farm. She's got papers, she's halter-broke and if she come's in heat close to sale, we will get her AI'D so there's a chance she's bred come sale day. Get her bought and take her home. You can go on the commercial heifer show road if you wish or turn out her out to be the front pasture kind of cow, we are all looking for. Please follow Bell Farms Red Angus on Facebook for more info, pics and videos as we get closer to sale day.

### LOTS 128 - 133

*Consigned by* **Forbes Farms**

Slughters, Kentucky 270/213-1950 [forb350@yahoo.com](mailto:forb350@yahoo.com)

All heifers are half sisters, sired by a Mulberry grandson. This group is fall bred and were pasture exposed to a son of Rocky Top (#3787299) from 12/01/19 - 2/10/20. Will be vet checked and verified bred by sale day. This is a good set of heifers that have not been pampered. They know how to forage.

### LOT 134

*Consigned by* **Shelby Traylor / Traylor's Red Angus**

Delta, Alabama 334/646-9074 [gotmilk.traylor98@gmail.com](mailto:gotmilk.traylor98@gmail.com)

3T Mary, DOB 1/26/19. Here is a premium Red Baldy open, soon to be ready to breed to your choice of sire. The eye pigmentation is good. Sire is Big Beef which is impressive on the hoof, he is easy fleshing with good thickness and muscle, and sound to the ground. Dam is 100% Hereford, a nice Fortune daughter. Dam has just had her second calf.

### LOT 135

*Consigned by* **Shelby Traylor / Traylor's Red Angus**

Delta, Alabama 334/646-9074 [gotmilk.traylor98@gmail.com](mailto:gotmilk.traylor98@gmail.com)

3T Demi, DOB 3/13/18. This is a commercial bred heifer, sired by TW Password 4419 (#3467742). Possibly the best Password son to leave the Whitneys. Dam is out of the legendary New Design 878. She just had her fourth calf on 2/11/20. She has been pastured exposed to 3T Wrangler (#3840861), a ProfitBuilder son.

### LOTS 136-138

*Consigned by* **Armes Red Angus**

McQuady, Kentucky 270/617-0024 [mauraarmes@att.net](mailto:mauraarmes@att.net)

3 commercial cow/calf pairs. Cows are 7/8 Red Angus X 1/8 Hotlander purchased in 2018 from RA Brown Ranch. Calves sired by Brown GMM Oracle E5085.

**TERMS:** Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

**PURCHASER'S RISK:** All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

**BIDDING:** Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

**CERTIFICATE OF REGISTRY:** A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

**ANNOUNCEMENTS:** Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

**HEALTH:** All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

**BREEDING GUARANTEE:** All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

**LIABILITIES:** All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

**CONTRACT:** The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

**PHONE BIDS:** Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.

## RED ANGUS GUIDE TO EPDS

For more information, visit [RedAngus.org](http://RedAngus.org).

**HB** – HerdBuilder is a maternally focused selection index that predicts the probability of developing profitable cowherd traits while maximizing the value of marketed progeny. Expressed as dollars per cow exposure, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained, and all remaining progeny are marketed on a quality-based carcass grid. (Index/High Value)

**GM** – GridMaster is a terminally focused selection index that predicts the probability to increase the value of marketed calves. GM places selection pressure on growth, feedyard performance and carcass quality, predicting differences in profit as expressed per cow exposure. GM is calculated based on the scenario that bulls are mated to cows only, and all progeny are marketed on a quality-based carcass grid. (Index/High Value)

**CED** – Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

**BW** – Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

**WW** – Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

**YW** – Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

**ADG** – Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

**DMI** – Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

**MILK** – Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

**HPG** – Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

**CEM** – Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

**STAY** – Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

**MARB** – Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

**YG** – Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

**CW** – Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

**REA** – Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

**FAT** – Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)

## DONATION SEMEN AUCTION
