2022 SERAA

Grasstime Auction

SATURDAY APRIL 2, 2022 | 12:00 NOON (CT)

Cullman Stockyards, 75 Co. Rd 1339, Cullman, AL 35058

WELCOME TO THE 2022 SERAA GRASSTIME AUCTION

As I write this letter, the Russian invasion of Ukraine is at the top of the news and the global outcome with the fallout is always a great concern to all of us. In times of world chaos, I have to remind myself to concentrate on things that I can control. As a cattle producer I believe we all need to take that initiative to concentrate on the things that we can control. The choice you make for your own cowherd is critically important. Red Angus cattle have become the top selling commercial female breed for some very powerful reasons. The #1 benefits to use Red Angus genetics are (and not limited to) disposition, carcass quality and mothering ability. If you have not experienced the great Red Angus mother cow yet, now is the time to add them into your program. There is not another beef breed on the planet that combines with others in a crossbreeding program or adds maternal traits to a cowherd better than Red Angus. With the high costs of all inputs in a cattle operation, 2022 is certainly not the time to be raising commodity cattle. High quality beef demands a premium and there is one way to produce high quality beef – invest in top genetics and maximize your income outputs by raising premium quality beef. Red Angus genetics will help propel your program from simply selling commodity cattle to premium quality cattle. The cattle market with record exports and strong national demand looks to be on the upswing for 2022–2023. With fat cattle finally seeing decent prices, the bull market and seedstock prices have been stronger and look to be very positive for the coming years.

As you search for places to buy top quality Red Angus genetics, ask yourself “why does an annual consignment auction succeed for over 31 years? The answer: the quality of the cattle and the dedication of the beef producers who raise them. The first Southeast Red Angus Association Sale was held on May 2, 1992 and while I was not at this sale, I began a 30 year span of being the auctioneer/sale manager in 1993. The folks of the Southeast region of the United States have established this auction as “the Premier Red Angus Event for Red Angus” with buyers traveling across the United States to purchase top quality Red Angus genetics year-after-year. I am thrilled to be returning to Cullman, Alabama on April 2, 2022 for my 30th year of selling the amazing Red Angus cattle that these consignors have put forth for you. Be sure and make plans to attend the activities on Friday, April 1st at the Cullman County Agricultural Trade Center, 17465 US Hwy 31, Cullman, Alabama.

I hope you can attend the 31st Grasstime Auction in person. If you cannot, please tune in via DVAuction where you can bid “live” online during the auction or contact me or any of our buyer representative/ringmen listed in this catalog. We will be happy to evaluate cattle for you and give you our unbiased opinion.

I look forward to seeing you in Cullman, Alabama April 1st and 2nd!

Best Regards,

Kyle Gilchrist

You have to appreciate 0G18's low birth and high growth EPDs. She comes in an attractive beautifully uddered package. Platinum has proven himself to be an elite carcass and growth sire after being the top selling bull of the breed. Her MGS is an own son of the legendary Brown Ms Abigrace, making 0G18 even more enticing. The maternal granddam touts a 102 MPPA in the highly maternal and respected Whitley cowherd. The October WFL Merlin 018A heifer calf makes this an exciting addition to any herd. Whether carcass or phenotypic excellence is your desire, this pair is your answer. Al'd to Bieber Stockmarket E119 12/12/21, PE to VETO Oscar 1E3 (4012554) a Feddes Oscar X28 x Dakota Rambler 75R son that's one of our powerful natural service sires that stacks 5 generations of proven AI sires, his progeny are impressing us. As an added bonus she sells with 2 straws of semen from our newest herd sire addition, LSF SRR EZ Factor, an LSF SRR X Factor son that was a top selling herd bull of the Ludvigson dispersal, who offers outstanding calving ease with breed leading carcass traits.

Lot 2 DIX MS OMAK 113C 351G

Here's one of the best females we've ever raised, and I believe you are really going to like her! She's as smooth and stout made as they come, hailing from the great Omak cow family. She is backed by some powerhouse females. Her dam carries a 103 MPPA and her grand dam carries a 105 MPPA and this young female is falling in line to be a great one also. Not only did she wean at the top of our fall 2019 heifer calves, she weighed in at an actual 688 pound WW! She's sired by the great 5L Bourne 117-48A, whose known for producing some outstanding females. I truly believe she will make a great producing cow in any herd. She speaks for herself with a big, stout made bull calf at her side sired by Andras Dominant E110 born on 10-5-21. She's bred back to RREDS Pathfinder F811 with sorted heifer semen on 12-2-21 then P.E. to LSF SRR Excellence 8167F.

This super attractive female comes from one of our very top cow families, the Belgas. She is a moderate, extremely thick made heifer that has a ton of depth and eye appeal. I look for her to make a really easy keeping good uddered cow. Her maternal grand dam carries a whopping 107 MPPA and is one of our top cows. Starting out with a 86 BW ratio, she grew to a 641 pound AWW. She's bred to Andras Ultimatum E026 with a heifer calf due 2-28-22.

If your looking for a moderate framed productive cow Diamond P Olivia is what you have been searching for she calved as a 2 year old and has had a calf every year since. Also, notice her ME of -1 which ranks her in the top 28% and her DMI of .87 gives her a 11% ranking, the epitome of moderation and efficiency! Oh and don't miss the stout bull calf at side by Lacy Signature, I think he will find his way to the keeper pen! Olivia was AI bred on 1/19/22 to Lacy Signature and then PE to WDSC Boudreaux #4417029 from 1/20/22 – 3/1/22.

Here is a first calf heifer that has calved as a 2 year old and is doing an great job with her bull calf at side. This heifer's grandsire on the dam's side was the \$65,000.00 Six Mile Game Face bull and then on her sire's side she goes back to Brown Profit Driven, performance and phenotype bred into this one with her whole life ahead of her. She was AI bred on 1/19/22 to Feddes Treadstone and then PE to WDSC Boudreaux #4417029 from 1/20/22 – 3/1/22.

2 in 1 Cow Calf pair Stacked Pedigree, Balanced EPD's and the Sound Physical Appearance to match! Here is a March 2020 PTO daughter out the of the Rebella cow family that will calve this spring. Our Rebella cows are the epitome of a Brood Cow. These Rebella cows have raised the higher weaning weight calves for us consistently over time. This one will be no different. Add being sired by the National Champion bull, PTO, and you have added even more horsepower to this genetic package. As an added bonus, she sells with an Andras Fusion R236 sired bull calf (4561831) born on 2/28/22. Future herd sire? The genetics and EPD's are there for sure! Please follow Bell Farms Red Angus on Facebook for more up to date info, pics and videos as we get closer to the sale.

This pedigree is one that will get any Red Angus breeder excited! Red Lady is a heifer we purchased from Cloud 9 Cattle Company, and her sire is the very popular DAMAR NEXT D852 that goes back to the DAMAR MIMI W085. She is bred to HP VLADIMIR which is our herd bull directly out of SILVEIRAS MISSION NEXUS 1378. She is due to calve 5/30/22. This combination is one to look forward to. This female will produce champions in the pasture and the show ring!

Lot 22 RVC STOCKMAN'S OPAL

RVC Stockmans Opal is a deep bodied, sure-footed heifer that shows great maternal potential. She is a direct descendant of Pie Stockman and Bieber Rose. Her dam has proven to be an asset to building a herd with strong genetics. She is pasture exposed to Shady's Fusion F203 (#4032130) on 1/26/2021.

Consigned by **Tom Bell / Bell Farms**

Friendship, Tennessee • 731/225-2490 • tombell2@bellsouth.net

BFRA JTB MAIDGALE 2036/Reg # 4381343. Jacob's junior show career is coming to an end. He's always wanted to sell show heifers. Our stance has been you can't sell them and then show against them. He's now almost a Junior at UTM and he's payed his way this far with the cows and bulls he has sold and it's not getting any cheaper! So here we go! We are offering for the first time, a Silveiras Mission Nexus 1378 x WCR Maidgale 4381B November 21 BRED female. The heifer is show ready, will calve this fall, and then you can have that future donor cow to be a cornerstone for your herd for years to come. She is a full sib to the 2018 NAJRAE Bred and Owned Reserve Champion female who also was a division winner at the National Western, the NAILE, 2X Reserve Grand Champion at the Arkansas State Fair, and multiple time Supreme Champion at multiple shows in West Tennessee. Heifer was AI'd on December 3rd to SLGN Bojangles and then exposed to the BFRA JTB Bojangles 2033 from 12/15/21 to 2/1/22. We will have more firm details on breeding information on the sale date. Please follow Bell Farms Red Angus on Facebook for more up to date info, pics and videos as we get closer to the sale.

This one is hard to let go! Offering choice of two impressive Jolene full sisters. The consistency of these 2 exhibits the strength of the widely acclaimed Jolene family. Their dam, 106F, is becoming one of our top young donors exceeding all of our expectations. Her third natural calf is due spring '22, along with having 2 successful flushes and 1 successful aspiration without missing a beat, she's done all we could ever expect. She just happens to be a full sister to the legendary HXC Jolene 301N the dam of HXC Jackhammer and the Lazy MC bulls Venom and Ramblin Man as well as the MGGD of Brown Redemption! These ladies being sired by the now deceased "Beartooth" makes them even more intriguing and harder to let go! They are as identical as two full sister can be, both carry on their dam's natural thickness, big top, and stoutness of bone with the incredible eye appeal "Beartooth" passes on. They carry 11 EPD traits in the top 1/3 of the breed with top of the breed BW and marbling EPDs. They sell AI'd to the \$190,000 KJL/CLZB Complete (3796236) who's first progeny across the US is the talk of the industry. PE to VETO Oscar 1E3 (4012554) a Feddes Oscar X28 x Dakota Rambler 75R one of our powerful natural service sires that stacks 5 generations of proven AI sires, his progeny are impressing us. Retaining 1 successful flush within 2 years of sale date. These are 106's debut of both live progeny and frozen genetics. Get in while you can as we will likely not offer many more live direct daughters. As an added bonus the chosen female sells with 2 straws of semen from our newest herd sire addition, LSF SRR EZ Factor, an LSF SRR X Factor son that was a top selling herd bull of the Ludvigson dispersal who offers outstanding calving ease with breed leading carcass traits. 0H14 A.I date 1/30/22 – 0H15 A.I. date 1/5/22

Another Hard Drive x Tilly that offers top of the breed growth, carcass and ProS EPDs. Her dam was one of our featured consignments to the '21 Grasstime selling to J Bar S, Mendenhall, MS where they state she is doing more than they could have ever expected! X02 is an extremely fertile donor that left us several replacements and a son VETO Guardian we are using for natural service. 930 has several full brothers that will be offered in the spring '22 Ludvigson 'Cornhusker' bull sale. Both of these sisters are backed by top of the breed EPDs, and a proven, time tested cow family. They offer the phenotype and natural thickness that will have them making an impact within any program. Al'd 12/5/21 to the \$119,000 top selling bull of the breed for 2019, LSF SRR President 8177F, that's recently taken the breed by storm with his first progeny coming to the forefront. PE to VETO Oscar 1E3 (4012554) a Feddes Oscar X28 x Dakota Rambler 75R son that's one of our powerful natural service sires who stacks 5 generations of proven AI sires. His progeny are impressing us. As an added bonus she sells with 2 straws of semen from our newest herd sire addition, LSF SRR EZ Factor, an LSF SRR X Factor son that was a top selling herd bull of the Ludvigson dispersal who offers outstanding calving ease with breed leading carcass traits.

We're headed to Cullman with another exciting choice of sisters! 2 powerful ¾ sisters sired by the rare and valuable Bieber Hard Drive from an impressive pair of Tilly maternal sisters. Both have the beautifully feminine front 1/3 this cow family is known for. 923 is a maternal sister to VETO Tilly U83 306J, the \$20,500 sale topper and record setter of the '21 High Caliber Female Sale, KY. She also comes from the same lineage as the \$116,500 H/H Becca 1006 for Harmony Hills, MT. With her breed leading carcass and growth EPDs and the elite phenotype of the Tilly cow family she will be an asset to most any program. Al'd 12/29/21 to the \$119,000 top selling bull of the breed for 2019, LSF SRR President 8177F, that's recently taken the breed by storm with his first progeny coming to the forefront. PE to VETO Oscar 1E3 (4012554) a Feddes Oscar X28 x Dakota Rambler 75R son that's one of our powerful natural service sires who stacks 5 generations of proven AI sires. His progeny are impressing us. As an added bonus she sells with 2 straws of semen from our newest herd sire addition, LSF SRR EZ Factor, an LSF SRR X Factor son that was a top selling herd bull of the Ludvigson dispersal who offers outstanding calving ease with breed leading carcass traits.

Here's a lovely ET bred heifer out of one of our donors, Andras Rue B039, that's a great producer! Her dam raises one of the top calves year in and year out and this heifer is definitely going to be a great one from her also! She is sired by the well known WFL Profitmaker E7030 bull that has sired great calves all over the country. This heifer is extremely smooth made, slick haired, and fancy as they come! She's been a standout from day one and continues to be really impressive and one of the very top heifers in her group. She sells A.I. bred to LSF SRR Primefactor 9014G on 12-2-21 then P.E. to LSF SRR Excellence 8167F.

I think you'll really like this heifer here. She comes from the great Tamara cow family and is out of a big, stout made, good uddered female that raises some great calves! She is really nicely made, very attractive, and has great depth of body. I look for her to make a really easy keeping, powerful brood cow. She sells A.I. bred to LSF SRR Primefactor 9014G on 12-2-21 then P.E. to LSF SRR Excellence 8167F.

This heifer has a bit more frame to her than some of my other lots but she is awful deep made and attractive! I look for her to make a really stout made, powerful cow that will raise top weaning calves. Her sire, Andras Ultimatum E026, is probably the most outstanding bull we've used in the pasture up to date. He consistently stamps his progeny with extreme depth of rib, true power, and style; this heifer definitely has that. Her dam is a nice made, good milking cow that carries a 102 MPPA. She sells A.I. bred to LSF SRR Primefactor 9014G on 12-2-21 then P.E. to LSF SRR Excellence 8167F.

This heifer is a really moderate made, very well put together female that comes from the great Osce cow family. She's very feminine, sharp made, and slick haired. Her maternal grand dam is still in production at 17 years of age with a 106 MPPA that's calved 14 calves and is about to calve her 15th; longevity at its finest! She sells A.I. bred to LSF SRR Primefactor 9014G on 12-2-21 then P.E. to LSF SRR Excellence 8167F.

Breeding information – Pasture exposed to 5OAK Trump 0311 (Reg. 4376323) 12/17/21 to 2/13/22

5OAK MTX 0302 is another daughter of the proven NSFR MTX W14 matron that was an integral part of the Rust Mountain View Ranch program we acquired. 0302 is sired by the multiple-time National Champion, Damar Trump C512. She is an ultra-smooth made, well-balanced female that is high tying in her neck attachment, clean chested, bold ribbed, and square made. The Trump daughters continue to gain value and popularity as they have entered production. Udder quality, fleshing ability, and strong maternal characteristics are what you will find in this bred female.

Breeding information — Pasture exposed to 50AK Trump 0311 (Reg. 4376323)
12/17/21 to 2/13/22

50AK MTX 0305, is one of two flushmate sisters sired by the great FCC Rambo 502. With over 2500 progeny in the book, Rambo transcends time as a sire known for maternal qualities with tremendous amount of shape, look, and style that he has become so widely popular for transmitting to his offspring. Backed by a tremendous cow family, the MTX W14 dam has nearly 150 progeny in the book herself. She's simply never missed! 0305 has extra stoutness of foot and bone to accompany her style and pedigree. 0304 is the second flushmate sister from the Rambo x MTX W14. She is a shapely made, super attractive, dark cherry red female that has the added extension, pin width, and dimension necessary to compliment many of today's popular sire choices!

Breeding information — Pasture exposed to Damar Trump C512 12/17/21 to 1/23/22
This moderate framed, sound structured 6 year old, has plenty of rib capacity, good feet and a solid udder. Her herd builder EPD scores confirm her observed production capabilities. Pasture exposed to Damar Trump C512. A top notch cow with a long term opportunity lined up for October.

DAMAR TRUMP C512 Sire of Lot 31;
Service Sire of Lots 34 & 35

Breeding information – Pasture exposed to Damar Trump C512 (Reg. 3480006) 12/17/21 to 1/23/22

Notes: Another direct daughter of one of our most prolific donors to date, NSFR MTX W14. W14 has near to 150 progeny in the book. This LSF sired daughter, like her dam has sound udder, good running gear and a great disposition. Her observed maternal traits matchup with the characteristics we see on paper. And to top it all off, she is pasture exposed to Damar Trump C512. Don't miss this quality cow, with a great opportunity queued up for next fall.

Lots 36, 37 and 41 are 3/4 sisters combining the bloodlines of Osborn Black Genes 257E X LCJ Rojo 2168 and Lot 40 is a paternal sister. Buying sisters and 3/4 sisters is one of the best ways to breed consistency into your cow herd. These heifers will more than likely be offered as a choice lot in the ring on April 2nd.

Bull Hill Bertha 6323, Reg. # 3740727. A nice uddered, five year old female carrying an embryo by BB Propulsion 9096, Reg. # 4169122, and out of Bull Hill Wendy 1033, Reg. # 1509569. Wendy 1033 is a second generation donor cow with amazing phenotype and performance. Her Marksman son was a crowd favorite at our recent bull sale, and her daughters will impact our herd for years to come. Propulsion is siring sale toppers all over the country, and he ranks in the top 35 % of the breed for twelve different traits and indexes. A very complete package with a solid recipient carrying breed leading, outcross genetics for many producers. Embryo implanted 12/29/21. Breeding update and video available on our website: bullhillredangusranch.com

Bull Hill Alexis 7215, Reg. # 3924251. A very phenotypically correct, easy fleshing Mushrush Apollo daughter with a 102 MPPA. She sells AI bred 2/4/22 to LASO Alamo C92H, Reg. # 4295093, a top seller in the 2021 sale season who boasts unmatched actual performance of a 17.75" REA and a 8.91 IMF score. Alamo's first calves are looking very promising, and this mating offers you the opportunity to add immense value and lead time genetics to your operation. Breeding update and video available on our website: bullhillredangusranch.com.

Another excellent bred heifer, that you have to admire for just her and width and dimension that she offers while still maintaining structural integrity. The D155 sire is the result of an embryo package we purchase at the NWSS quite a few year wanting to incorporate some genetics from the Persuasion cow family that has progeny around the country. AI bred 12/30/2021 to Silveras Mission Nexus 1378. Confirmed safe to AI Date

This attractive Fall yearling heifer is built right. She is moderate sized, wide topped, square hiped, deep sided, clean fronted, and very structurally correct. She was shown this past summer by a 9 year old 1st year 4-H member. She has an awesome disposition. Her dam is the granddam of the 2110 Fall heifer calf that sells as a show prospect in this GrassTime sale. She was A.I. bred to Bieber Spartan on 12-2-2021 and pasture exposed to SL 1296 MR COACH 2007 December 5-26-2021. Pasture exposed to yearling bulls after that.

You will appreciate that this fall yearling heifer is long sided and clean fronted. She is wide topped with a big square hip. Her von Forell bred dam has been a top producing matriarch within our operation, always producing offspring with the ability to be top gainers. She had a 650 pound weaning weight and a 988 pound yearling weight. She was A.I. bred to Bieber Spartan on 12-2-2021 and pasture exposed to SL 1296 MR COACH 2007 December 5-26-2021. Pasture exposed to yearling bulls after that.

For Name Sake get your hand up for this one! This pedigree is stacked with the best in the breed going back to P707 and Sequoya mated to the AI stud Perseverance from the Independence and Epic bloodlines. Her calf will only add to that phenomenal line if AI sired by the Ranchmaster 9052G bull. So many things are done right with this female from maternal traits and growth to Gridmaster and carcass traits! Her calves will add some Bang for your buck! Breeding info: AI service to Ranchmaster 9052G (Reg#: 4162738) on 2/23/22 Natural service to a Brunswick son; Muscogee H6615 (Reg#: 4240522)

We are offering choice of these two lovely yearling heifers. They are both sired by the well known WFL Profitmaker E7030 bull and they are two of the top heifers in our spring 2021 heifers! We have used their sire for the past couple of years in our A.I. program and have had a bunch of really great calves out of him. These heifers are out of two of our top spring cows that carry a 107 and 106 MPPA! They are both extremely attractive, deep bodied, and very feminine made. I look for them both to make top producing cows just like their dams.

This November born embryo heifer calf is the one to latch on to! She has all of the bells and whistles to be a great show project. More importantly, she comes from a super proven donor in our program and she is sure to make an excellent production female and future donor when her show days are over. Dam of 124J

MS PRIDE 16 is a heifer that has done well on our show string this fall and one that we debated on keeping to show as a bred heifer. MISS PRIDE 8119F half sister won a class in both the NAILE and the Cattlemen's Congress for us this year. MS PRIDE 16 grand dam is the DAMAR X056 PRIDE cow that was purchased from the Cloud 9 Cattle company a few years back. She has produced countless heifers that have dominated across the board. Going back to the SILVEIRAS MISSION NEXUS on the top this pedigree speaks for itself. With a striking profile and easy disposition MS PRIDE 16 is one you don't want to miss out on!

After helping with the heifer show last year, Trey was determined to bring a good one this year. Well, here she is. If you like them cherry red, big middled, moderate framed and pretty fronted, Firefly is just right for you. She is very gentle for the youngest of showman and fancy enough to be competitive in her division. Her Dam is one of our best cows. Her sire "Rock 723" really makes his offspring attractive to look at. You will not have trouble finding her in Cullman.

This female is a fancy and stylish built show heifer prospect. Her refined head and neck coupled with good rib shape and depth of body, will always have their attention from the side. Sired by our herd sire REBA Double Down, who has done a tremendous job for us producing high quality females and bulls. But this female has the potential to change a breeding program and produce high quality offspring of her own.

Lot 67 REBA JAYLO 213J

OPEN HEIFERS

Exciting way to start off our group of open females with this Mulberry Daughter. Out of an excellent young Nexus Daughter that goes back to the Elora 23T female that was a staple in both the Blairs Ag and Damar Farm programs. A soft made female that excels in terms of depth and body capacity. If her striking profile doesn't catch your eyes, she also carries a strong set of growth epds. Halter broke and has been shown.

Long sided, bold-ribbed female that carries a strong set of maternal epd's. This female along with the J260 and J261 females is sired by our F186 bull that is backed by a cornerstone female of our herd the Bonnebelle B129 female. This heifer would make a great junior project or a front pasture type of female. Halter broke.

Lot 71 PREZ DAISY J255

Lot 72 PREZ SUN GAL J261

And last but not least this Dark, cherry red female rounds out our group of open females we have consigned this year. A female that has a presence that catches your eye no matter where you are in the pasture. Attractive through her front third, bold in her rib cage, and square when you get in behind this female. 261's mother was a class winner at NAILE. Broke to tie.

This Fall heifer calf is pretty as a picture with a sweetheart disposition. She has real showing potential. She is deep sided, wide topped, big ribbed, clean over the shoulder, long fronted and up-headed. Her dam is a medium sized, big bodied female that has been a very good producer.

This Fall heifer calf is long, thick, and very structurally sound. You have to appreciate this daughter of Bieber Let's Roll for her top width and depth of body. She has been a standout calf in the pasture since she was born. She is going to make an outstanding addition to any cow herd. She ranks in the top 19% in ProS, the top 27% in HerdBuilder and the top 29% in Gridmaster. Her cow family is a favorite of ours.

Whether you like elite numbers or style, 'Jay-Lo' brings it! We are proud to offer this outstanding breeding piece. This is the first of our Pathfinder calves, and we sure like them. Her Pacesetter dam is a big-boned, deep bodied, easy-keeping, milking machine. Jay-Lo is top 1% in ProS and HB and top 20% GM all in a nice phenotypic package. Check out her length, body depth, and good bone structure. She's gentle and tie-broke, but has never been on show feed or in the ring. Take her home and breed her like you want. You can't go wrong.

This lady is the granddaughter of Redemption, the #1 bull in the breed for four consecutive years a few years back. He really made some fine daughters that we still have in production today; they are easy-fleshing, eye-appealing, good mamas that raise excellent calves. This granddaughter has a bright future with her 9% HPG and outstanding GridMaster index and Marbling traits. Her daughters will surely find themselves on the replacement list for KEEPS!

Who needs an outcross shot of power in their herd? A 19 month old RED SOO LINE POWER 161X sired bull out of our Victoria donor who is bred by the great Red Six Mile Sakic 832S and out of a Glacier Chateau dam. Victoria 832 is going on 15 years old and has a calf by her side now. She has consistently raised our best calves who always wean over 500lbs and her offspring females are still in our herd following in her footsteps! Add the Power Eye bull and "oh my"! From an EPD standpoint, this bull has a 13 on CED, A -.9 on BW, a 59 on WW, a 94 YW, and a 23 on Milk. All of this with pretty good accuracies backing this your bull. AND he looks the part. In Tennessee, he meets all of the requirements for TAEP enhancement program so you could get some money to go towards your purchase. Get this bull home and turn him out in the front pasture knowing better days lie ahead from making this investment. Please follow Bell Farms Red Angus on Facebook for more up to date info, pics and videos as we get closer to the sale.

HP VLADIMIR is a bull we purchased from the Bouldin family in Colorado. In his show days he was a division winner in the bred and owned show at Denver. We used this bull on our herd for 2 seasons and could not be more pleased with what he has produced. He has produced one of the top heifers on my show string for this upcoming year. This bull is one that will be hard to replace. His calves have been consistently big footed, long-necked, feminine fronted, with an impressive profile. He is sure to make an instant impact on any herd!

REBA JEROME 211J could possibly be the best breeding bull we have raised to date. This yearling bull comes from an awesome pedigree with looks to match. His dam WCS Miss Cracker 434 a cow family that had been in our operation for years that always produces high quality females and out of the league bulls. His sire REBA Double Down has had his fair share of time in the show ring winning Grand Champion Red Angus bull at the 2019 Kentucky State Fair and Tennessee State Fair. With all of his power, depth, and sitting on a powerful foot and bone this bull is sure to improve any breeding program.

We think that this young herd bull prospect is something special. He is a MR COACH son, which contributes gainability and carcass merit. He is out of a 1st calf heifer with both calving ease and carcass merit built into her pedigree. This Fall yearling bull is very structurally sound, big boned with good feet and legs. He is wide topped, with a big square hip, deep bodied, and clean fronted. We used this youngster on a few heifers. His actual birth weight was 69 pounds.

This fancy Franchise son offers the chance to buy a direct son of the legendary McRae's Reba 49W cow. I have followed this cow for quite some time. She has had top sellers in several sales but most impressive is that she will have her own themed sale call the RED REBA Fancy Gathering sale in 2023. Cattle tracing back to her qualify for this event. Looking for a really good bull out of a reputation donor, this is your chance.

Due to 106 being so highly fertile we are able to offer 3 Merlin sired embryos resulting from a flush in which she produced 22 grade 1's. The resulting progeny will stack highly proven genetics both top and bottom. The unprecedented Merlin and Julian B571 herd sires have made their marks across the breed. The results of this mating will be in the elite top 1% REA and top 25% in EPDs for WW, YW and MB. This is a mating that should not only have the stoutness and presence of their impressive dam as well as the highly proven stature of Merlin. 106's flush mate sister, 104F will both carry on this cherished cow family for VVF. Guaranteeing 1 pregnancy if implanted by an AETA technician within 2 years of sale date.

Miss Cora is one of our Foundation Donors here at Flach Livestock. She is thick topped, deep bodied, sound footed and very attractive. She enjoyed a very successful show career winning the KY State Fair as a senior yearling and again as a cow/calf. The sire of these embryos is the popular Andras Fusion R236 who is known for his calving ease and docility. He is heavy muscled and sound footed and was also the sire of the champion bull and heifer at NWSS in Denver in 2019.

BJR Dakel 703E [3729883] with a MPPA of 105 has EPDs ranking in Top 1-10% for GM, YW, ADG, Marb, YG, REA and Top 11-35% for CED, BW, WW, Milk, HPG, BFat. Dakel 703E scanned a 6.57 Marbling and had a 1.36 per hundred REA ratio. Dakel 703E has \$18,858 for \$Profit. 703E's daughter [BJR Dakel 104J] has a \$21,148 for \$Profit. Dakel 703E is the 3rd generation donor BJR has used. The cow family stems back to the BJR cow family that produced the great BJR Yogo bull that was #1 for WW and #1 for YW in the Breed in his era. BJR has a nice set of ET calves on the ground out of Dakel 703E. 4 Conventional Embryos @ Genex Billings

X EGL Guidance 9117 [4208972] is the \$80,000 sensation with type, data, and outcross pedigree stacking Spur Franchise of Garton, Basin Yellowstone, and Mytty In Focus. His MGDam produced the About Time @ ABS. When his data is entered, watch for the EPDs to explode as his first calf reports are fantastic

Elora, Tennessee • 931/993-0514 • vanessa.brazelton@gmail.com

Here is a striking brockle face heifer that comes from the Bell program. She's plenty feminine and would make a good 4-H project for someone.

Lot 106-115 COMMERCIAL FEMALES

Selling 10

Consigned by **Jed Dixon / Dixon Red Angus**

Athens, Alabama • 256/614-4212 • jdixon@dixonstables.com

COMMERCIAL BRED HEIFERS.

Here's 3 really nice bred heifers that should make some big, stout made, good milking brood cows. Two are red angus crossed with Simmental and the other one is high percentage red angus. They are all three A.I. bred to WFL Profitmaker E7030 on 12-2-21 then P.E. to LSF SRR Excellence 8167F.

RED ANGUS OPEN COMMERCIAL HEIFERS.

These two heifers are both sired by registered red angus bulls and high percentage red angus commercial cows. They are about 13 months old and will be ready to breed. They are both medium framed, attractive made females.

SIM-RED ANGUS OPEN COMMERCIAL HEIFERS.

Here's three really good made white faced sim angus heifers. I believe you'll really like these heifers they are really fancy colored and out of some of our top producing cows. I look for them to make medium to large frame, good milking cows that will wean some top weighing calves! They are all three around 14 months old and ready to breed.

CHAR-RED ANGUS OPEN COMMERCIAL HEIFERS.

These two heifers are out of commercial Charolais cows and registered red angus bulls. There dams are bigger framed great producing cows that wean off some of the heaviest calves every year. They are around 13 months old and will be ready to breed.

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between the seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be released. All international transactions are to be in U.S. Funds. Gilchrist Auction Co. is licensed and bonded by USDA Packers & Stockyards and in accordance with USDA P & S regulations, all payments must be made within 4 days of the auction for internet and telephone buyers. The sale manager reserves the right to require a wire transfer as a settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling, or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and the seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the Sale Manager. Kyle Gilchrist's cell number is (641) 919-1077.

We are always breeding for the best genetics that have the ability to pass on Fertility, Soundness, Longevity & Functionality to all of the animals that we have for sale.
