We will help coordinate and group prorated trucking to keep the cost as minimal as possible. Contact the sale manager Kyle Gilchrist 641/919-1077 or Bill Braddock 205/275-2651

Hotels:

Comfort Suites -- Columbia, TN 833/483-0646
 Hampton Inn -- Springhill, TN 931/451-2111

LIVE VIEWING & BIDDING AT

WELCOME TO THE 2ND ANNUAL SERAA AUTUMN EXTRAVAGANZA!

The interest and demand to add carcass quality to the U.S. cowherd is the most important factor in today's beef industry. Nothing can change a herd more quickly than investing in quality genetics. Red Angus cattle offer more to the industry than any other beef breed with quiet dispositions, tremendous maternal traits, great milk production and mothering abilities and added IMF and marbling traits to add to the finished carcass value. If you haven't tried Red Angus yet, it is time for you to discover the greatest beef breed on the planet.

This is the second annual auction in Columbia, Tennessee and the producer's bringing cattle to this auction are dedicated to your success. Red Angus bulls will cross well with any breed of cattle and particularly excel with Hereford, Charolais and black Angus genetics for both heifer retention and feedlot animals that end up at the packer. Many packer spreadsheets will also show rapid improvement in carcass quality for Brahman based and Simmental cattle herds. In short, whatever your commercial cow herd is, Red Angus bulls can improve the future carcass quality and add superior maternal traits to your next calf crop.

This catalog contains the seller's phone number and email address and I encourage you to contact these producers to gather more information about their cattle selling and their operations at home. As I said earlier, they are interested in your success using Red Angus genetics and will stand behind the cattle selling in this auction.

Please join us on Friday evening at the Livestock Producers Barn for a roast beef dinner at 6:00 pm. This is a Southeast Red Angus Association event and will offer a chance to view the cattle and visit with fellow Red Angus breeders from the region.

If you cannot attend the auction, please tune in and watch and bid online with DVAuction. I will be in Columbia on Thursday and Friday preceding the auction and will be glad to field any questions you might have on the animals and evaluate them prior to the sale.

I look forward to seeing you in Columbia, Tennessee!

Best Regards,
Kyle Gilchrist

Please join us on Friday evening at the Livestock Producers Barn for a roast beef dinner at 6:00 pm, view the cattle and visit with some of the regions top Red Angus Producers.
 RSVP to Jane Whitley 205/466-7612 -- \$15.00 / plate.

Lombardi combines the well-known Blockanna and Flo Marie cow families in a high performance, eye appealing and heavy muscled package. He posted a 107 WW ratio from his 106 MPPA dam. The first 3 dams in his pedigree have an avg MPPA of 106! His now deceased MGD was a joint purchase with Atkinson Reds, TN, she was the lead off heifer of the '08 NWSS Champion Pen of Heifers and the \$14,000 high seller of the "Mile High Classic" sale. She's a maternal sister to the Triple Crown legend, Feddes Blockanna 807. The Justified progeny continue to exceed our highest expectations. 4768's muscle pattern and expression will make him easy to spot in Columbia! He was developed in our bull grow out program, read about it in lot 4. This 2-year-old is ready for heavy service. Qualifies for TAEP reimbursement.

The first of 3 sons of the popular DUFF Red Blood we'll have in Columbia. He brings his trademark eye appeal, length of spine and eye appeal he's become known for producing. His prolific, now deceased MGD was a farm favorite and 2X TN State Fair Grand Female. Maverick was developed in our bull grow out program, that consists of a 10 acre paddock on a 45° hill with feed, hay and minerals at the top and water at the bottom, this develops muscle and soundness while culling out any feet and structural issues. Qualifies for TAEP reimbursement.

A powerful coming 2-year-old from the herd bull producing Star cow family. Like all of our Red Blood progeny he's long spined, thick and good footed in dark red package. His dark red, feminine dam produced a \$10,000 son to WY as her second calf and is a maternal sister to the popular Lazy MC Cowboy Cut and the \$50,000 Lazy MC Gunner. She's one of 3 maternal sisters in the VVF herd going back to the now deceased \$32,000 valued jointly owned Star 185M. He was developed in our bull grow out program, read about it in lot 3. Qualifies for TAEP reimbursement.

Heifer Bull Alert!! JBSF Battery M21 is a dark red, big middled yearling bull that boasts a 19 CED and -5.6 BW. With cow herd numbers at the lowest in decades, heifer retention will be very important in the foreseeable future. M21 will give you the kind of heifers that you want to put back in your herd because they will be easy breeders (14 HPG-top 12%) and will stay in the herd for many years (17 STAY-top 27%). D408, dam of M21, has earned a MPPA of 101 and always brings a top calf to the weaning pen every year. M21 is sired by Bieber Paycheck K126, who is described as "moderately framed with added muscle shape, depth of rib and excellent feet." You can definitely see these traits in M21. If you are looking for a bull that you can use to breed your heifers, make sure to check out JBSF Battery M21! He will be able to breed heifers and cows, and he will give you replacement females that you can confidently put back in your herd!

JBSF Prince M24 has been "the cream of the crop" since he was born last fall. He has a nice frame size, good depth of rib, excellent feet, and a dark red color. He has 6 EPD's in the top 1-12%. He is sure to add pounds to your calves as he has 81 WW (top 8%) and 131 YW (top 9%). M24 is sired by Gilchrist Royal Peacock, who scanned an impressive 17.5 sq. inch ribeye. Prince M24's dam, LRF Abby D69, is one of our favorite cows. She has several daughters that are active in our herd, and she has produced many herd bulls. She is an easy fleshing, slick hided female that has made quite an impact on our herd. If you study M24's pedigree, you will find cow families such as Flo-Marie and Abigrace; and you will find impactful bulls such as Nebula P707, Night Calver, Sleep Easy, Hard Drive, and High Endurance. JBSF Prince M24 has a great phenotype, impressive EPD profile, and excellent pedigree. Make sure to take a long look at this bull, as he can make an impact in your herd for many years to come.

HEIFER BULL ALERT!! If you're looking for a sleep all night heifer bull here he is, with an actual 63 pound BW. This bull here will make an awesome bull to use on heifers. He's out of our great Osce cow family that always does a good job. This bull also has an eye catching EPD profile with his GM, CEM, CED, and STAY in the top 4% of the breed. He's extremely tight haired and moderate framed with good length.

Here's a son out of the great \$185,000 Bieber Jumpstart J137 and he's a sure enough power bull! This dude here is big framed and big boned with top of the breed growth that lands him in the top 2% for WW, YW, and ADG. He also posted a 107 WWR and a 105 YWR. His lovely dam is a HXC Charter 6610D daughter we purchased out of the LSF dispersal sale that has earned a 103 MPPA and she is doing an excellent job down here for us. Jumpstart 809M can sure add the pounds to your next calf crop and in this day and age extra pounds on your calves are really valuable!

This bull here is a son of our herd sire LSF BJR Money Line 2805K that is out of the legendary TBJR Della 502 one of the most elite cows in the breed. There's a lot to like about this bull with his medium frame, great depth of rib, and thickness. He's heifer safe and would make an outstanding bull to use on cows as well. I also look for him to make some great replacement females as well, with the maternal cow power backing him. His dam comes from our Angel cow family that does a tremendous job. They are 'no miss cows' with perfect udders that bring in a big calf, year in and year out.

Here's a sure enough tank of a bull out of the great LSF SRR President 8177F! This bull does a ton of things right and is made outstanding from every angle. His lovely dam is a top tier producer sporting a 105 MPPA that has produced some outstanding progeny! A maternal sister sold in the SERAA "Grasstime" sale this year spring as one of the high selling bred heifers and she was a phenomenal female. President 855M is top 3% HB, 5% CEM, and 13% Stay with a total of 12 EPDs in the top 1/3 of the breed. If you are looking for a bull that is heifer safe but still has some meat to him with plenty of thickness and can also be used on cows to produce some heavy calves at weaning, I think this bull here can surely do it.

What an outstanding King Arthur son this dude is! He's long made, with great depth of rib and put together nicely. Our King Arthur progeny have just been outstanding; they are born small but are always some of our top weighing calves at weaning. We thought enough of LSF SRR King Arthur 0136H that we bought pasture rights to him and he's now in Alabama breeding cows and has done a phenomenal job this summer. This bull also has an outstanding EPD profile with his CED being in the top 15% and his growth still being in the top 11% of the breed. A bull like this can sure do a lot of good for a program!

A big-boned, bold-ribbed, deep-chested herd bull prospect that combines power with eye appeal. Sired by Bewald Confidant 2044 and out of a productive LSF SRR Raindanc H0156 daughter of LSF SRR Commander, this young sire brings proven maternal and growth genetics together. He posts an impressive set of EPDs with a ProS 140, HB 42, GM 98, and outstanding profitability indexes (\$Profit 21,531; \$Ranch 93; \$Feeder 171). Calving ease is built in with a low BW of -3.1, while still offering plenty of performance (WW 69, YW 112) and maternal strength (Milk 29, Stay 16). Carcass merit is excellent with MARB 0.88, REA 0.41, CW 45. M0156 stands out as a growth bull with the kind of dimension, rib shape, and depth that translates to pounds in the pasture and value on the rail.

Plenty of bone, attractive rib shape, and a nice hip in this powerful Red Angus herd sire prospect. By Bewald Confidant and out of LSF SRR Dina H0130, a 9 Mile Franchise daughter, M0130 carries a high-value pedigree stacked with performance. EPDs: ProS 120, HB 45, GM 76, \$Profit 17,610, \$Ranch 67, \$Feeder 123. Calving ease built in (BW -2.3) with explosive growth (WW 77, YW 129), plus strong maternal value (Milk 32). Carcass merit includes MARB 0.58, REA 0.37, CW 43. Confidant x Franchise proves to be a powerful, consistent cross.

This young bull has heifer bull stamped in his data, with a -4.1 BW EPD (top 13%), and a 65# actual birth weight. His maternal and fertility traits are at the top of the breed with a top 3% Stay, top 20% HPG, top 18% Milk and a top 7% HB index. His pedigree is just as strong as his epd data. His sire descends from bulls like Night Focus 76B, Redemption Y1334 and 100 Proof C524 and his dam is from the ever popular Andras DYN Sky cow family. Surely this is one that will show up on your list of those to buy.

TERMS & CONDITIONS

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk.

The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager. Kyle Gilchrist's cell number is (641) 919-1077.

To say it took a little arm twisting to get this pair away from the Kemen brothers would be quite an understatement. This power queen is big, bold, stout and comes with a 707 lb. WW and 1004 lb. YW. You will not believe she is just a first calf heifer, raising an amazing Hawk 2310 daughter with all the power and performance of her dam. We will sell choice of this mother-daughter combination. 3051 was held open to breed into a fall program and sells unexposed to a bull in 2025.

January 2025 photo. This moderate framed, 1st calf heifer goes back to Lacy's Red Angus on the cow side, and MR Coach on the sire side. She's deep sided, easy fleshing, and structurally correct in her design. She weighed in at 1208 pounds in late April and should calve in early September 2025. An ultrasound says she should have a Bieber Stock Market A.I. calf, with DNA parentage confirmed before the Autumn Extravaganza sale date.

This fancy dark red heifer boasts a very productive pedigree with TW Dina 3918 on the top side of the pedigree and a very productive cow family on the bottom side of the pedigree. 5680 was AI'd on Feb 6 2025 to Feddes Eastwood and cleaned up Feb 11, 2025 to Aug. 28, 2025 with JBSF Captain L19. Lots of profit potential with this heifer. Look her up sale day.

Check out this Red Box granddaughter with the Red Sign cow line on the top side. She will add frame and length to your herd, the Red Box daughters are not only special in the show ring, they have been showing out in the performance arena also. She was pasture exposed to KFRA Mr. Fantastic (4984163), she was called due April 9th by ultrasound.

This long bodied and powerfully built daughter of Nexus 455 is one to look up on sale day. Her dam Nex 455 boasts a 102 MPPA built in the Green Mountain herd of Monatana. Nexa 455 was a sale feature in the 2019 Big Sky Elite Auction. Nex 5615 is a very exciting prospect with a great profile and she features a hard to find top 8% STAY EPD. She checked bred 5-6 mos. On 8/27/25 She is bred to PIE Energizer 3827 who is our outstanding son of Ruby 520 (PIE Quarterback's dam). This a very impressive mating that will help make this cow a crowd favorite PE to PIE Energizer 3827 from 02/15/2025-07/31/2015.

Look in! Dark red Six Mile Private Stock daughter out of a beautiful Finished Product cow. Her maternal brother was the 3rd high selling bull in the inaugural Autumn Extravaganza here last year. This nice fronted, long bodied, big footed female's breeding pieces are intriguing. No doubt a combination source for making fancy replacements or stout herd bulls.

3 COMMERCIALS

Breeder: *Stacy Broadhead / Broadhead Cattle Mendenhall, Mississippi*
stacyb100@bellsouth.net 601/906-2148

A very interesting package of 3 open heifers that are F1 Red Angus X Brahman cross. Stacy & Debbie Broadhead of MS introduced Red Angus sires to their commercial Brahman cows and have elevated carcass & marbling traits and are reaping the rewards of premiums from the packer in the cattle they feed out to market. More information will be shared on Friday night of crossbreeding Brahman with Red Angus and the benefits of the hybrid vigor from this Bos Indicus X Bos Taurus mating scheme.
